iFix BTB Interference Screw, 10 mm x 25 mm

Optimal Performance, Consistent Results.

No tapping required facilitated by strong, uniquely angled tip self-starting tip.

Radiolucent for exceptional imaging clarity compared to metallic screws.

Bio-Inert properties help minimize the potential for inflammatory responses common to absorbable polymers.

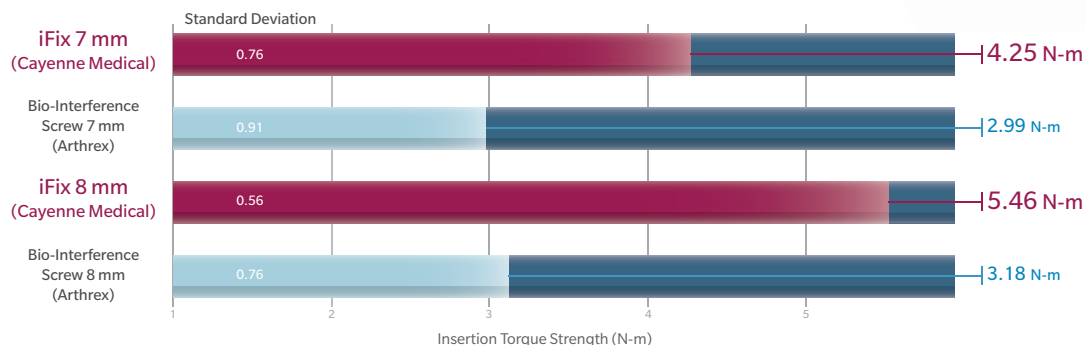

Strong, rigid fixation of PEEK-OPTIMA® material minimizes stress shielding.

Multi-Use Instrumentation notches and drives screw in easy, fluid motion.
